

TYPHOID BY RAILROADS

Must Be Forced to Adopt a Sanitary Equipment.

MAD DOGS ARE UNCOMMON

Dr. Joseph A. Gale, of Roanoke. Elected President—Richmond Chosen as the Next Place of Meeting. Dr. Edwards Re-Elected.

(Special to The Times-Dispatch.)
ROANOKE, VA., Sept. 17.—The morning session of the third day of the Medical Society's convention was confined almost entirely to scientific discussion. In the temporary absence of Dr. Edwards, Dr. Poyer was appointed secretary pro-tem. The subject of Diagnosis of Gastric Affections was the first on the programme. Drs. Musser, of Philadelphia, and Hemmeter, of Baltimore, who were to have led the discussion, were prevented from attending. Dr. Hopkins, of New York, read a most interesting paper entitled "Clinical Methods of Diagnosis," introducing a demonstration of such methods.

He was followed by Dr. Gordon, of Richmond, with a paper on "Diet and Drugs in the Treatment of Nephritis." Dr. Gordon said that gout and rheumatism were responsible for a number of cases of Bright's, and that the public had an idea that diet was starving, when the reverse was true. The subject of Typhoid was discussed by Dr. Hogg, of Richmond.

Professor Barringer, of the University, delivered an excellent discussion on an Unappreciated Source of Typhoid Infection. It is known that typhoid is communicated by dust. Improved water supply has reduced the mortality of the disease, but in spite of all precautions a small amount remains through the summer months. From investigations he has made he thinks the railroads are responsible. They infect springs and rivers, and he knows three cases where they pass less than a half a mile above the pollution of the water.

The remedy is, force the railroads to adopt an absolutely sanitary equipment. He believed the danger was self-perpetuating, increasing with increasing railroad employment, and that the railroads were particularly susceptible to the disease, which is also the bane of drummers and others who habitually travel.

In the discussion of a case of hydrophobia the majority of opinion did not believe the disease was so prevalent as commonly supposed. The case reported had the development of the symptoms similar to those detailed in Mark Twain's "A Double-Barreled Detective Story."

"Prevention of the Spreading of Ringworm" was the title of a paper read by Dr. Beadles, of Richmond. He said the barber's hands were more responsible than his instruments, and that school children were affected by contamination from one another through the indiscriminate use of hats, caps and other articles. In the afternoon session Dr. Charles Robbins extended to the society the courses of the library of the Medical College of Virginia, which were thankfully accepted.

ORATION TO HARVEY.
Senator Harvey, of Patrick, who had passed at the last session of the Legislature the bill regulating the practice of medicine, which bears his name, was presented to the convention and received a favorable ovation.

Election of officers for the ensuing year was then gone into. For president Drs. William S. Christian, of Urbana, and Joseph A. Gale, of Roanoke, were nominated. Dr. Gale was elected by a majority of 8, and Dr. Christian, of second place. For other officers Drs. William E. Anderson, of Farmville; S. T. A. Kent, of Ingram, and Israel Brown, of Norfolk, were elected first, second, and third vice-presidents, respectively. For corresponding secretary, Dr. E. Edwards, of Richmond, was elected by acclamation, the president casting the ballot. Dr. John F. Winn, corresponding secretary, and P. M. Slaughter, theological secretary, were elected.

Dr. William S. Gordon, of Richmond, was elected to deliver the annual address to the public and profession at the next session.

Dr. George Ben Johnston was elected delegate to the House of Delegates of the American Medical Association.

RICHMOND NEXT YEAR.
For the next annual meeting Richmond-Rockbridge Springs and Norfolk were placed in nomination. Norfolk was chosen by a vote of 24 to 24.

The newly-elected president was inducted to office. Drs. John N. Upham, the retiring president, and R. P. Styll, the retiring treasurer, were elected honorary fellows, as was also Dr. J. N. McCracken, of Bowling Green, Ky.

After a vote of thanks to the public, press and physicians of Roanoke, the convention was declared adjourned.

THE ANT.
Facts About One of Nature's Most Instructive Creatures.

When spring comes, with all its wealth of opening buds and new flowers, the ant is preparing for a season of profitable industry.

It comes out of its winter quarters and locates a new home where it can store away, during the summer months, the sustenance for the long winter days.

Just as industry is the ant's habit in a different way—are the countless, infinitesimal germs which burrow into the scalp and eat away at the roots of the hair.

As they burrow away and destroy the hair, and if the germs are not killed, baldness results.

Newbro's Herpetole is the only known remedy which kills the germs.

Calls on Petersburg Committee to Adopt Line of Progress

TRUE BILLS OF GRAND JURY

Richmond Colored Girl Will Be Sent to the Reformatory if There is Any Law to Do It—Jewish Rabbi Arrives Direct from Russia.

(Special to The Times-Dispatch.)
PETERSBURG, VA., September 17.—It is not likely that the City Central Committee will change its decision to elect its members at ward meetings instead of at the primary to be held next Thursday for the nomination of legislative candidates.

The question of submitting the selection of members of the committee to the voters at the primary has been much discussed in the city, and the Index-Appeal, which has strongly advocated the selection of these members at the primary, has the following to say to-day in regard to the matter.

"The Democrats of Richmond will vote for members of their City Central Committee at the primary next Tuesday, just as Norfolk and other cities of Virginia will do at later dates. So far as known at present, Petersburg is the solitary and lone exception to the good rule which prevails throughout Virginia of electing city committees by primary. Petersburg is a progressive city, and is on the boom in everything else. Why should she be chained to the corpse of her committee? Let the old Cockade City in the line of progress, and keep her well to the front."

CORPORATION COURT.
The Corporation Court, Judge Mullen presiding, convened this morning at 10 o'clock. The grand jury found two bills against the following negroes, charged with felony: James Tyrus, Charles Bland, Lewis Price, Buffy Field, John Pryor, Bessie Mitchell, John Carr.

James Tyrus pleaded guilty to picking the pocket of a colored man at 10 o'clock, and the court reserved its decision in his case. Lewis Price and John Pryor, alleged accomplices of Tyrus, were tried and found guilty, their punishment being fixed by the jury at eighteen months' imprisonment in the penitentiary. A motion for a new trial was made and will be argued later.

In the cases of Buffy Fields and Charles Bland, who were charged with being implicated in the above crime, the Commonwealth's Attorney entered a nolle prosequi, and they were discharged.

THE YOUNG FOR JAIL.
Bessie Mitchell, of Richmond, a colored girl about sixteen years of age, charged with feloniously cutting Hattie Jackson, was tried and acquitted. The jury thought both women equally guilty and refused to punish the girl on that account.

Judge Mullen, however, turned the girl over to Sheriff Evans until he can look into the law with reference to sending minors to the colored reformatory. The girl is young and the judge will either require her to return to her home in Richmond, or send her, if possible, to the reformatory.

ALL THE WAY FROM RUSSIA.
The family of Mr. David Kusner, the rabbi for the orthodox Jewish congregation here, reached Petersburg yesterday, having come direct from Russia to Petersburg. The rabbi's family, which consists of a wife and two children, were some three weeks travelling. Kusner has been separated from his wife and children for two years, and the meeting was a happy one.

Mrs. Frances Rogers, of Carleway, Va., who has been visiting friends in this city has returned to her home.

"Human Hearts," the idyl of the Arkansas Hills, will be produced at the Academy of Music Saturday night.

The meeting was largely attended by the members of the school and by representative men of the county. Speeches were delivered by County Superintendent J. M. Hamilton, County Treasurer C. L. Babcock, Commonwealth's Attorney L. M. Nance, Dr. R. B. Davis and Rev. H. S. Driscoll.

The Martha Jefferson Sanatorium, as it will be known, will be located on the handsome plot, owned by Dr. Hedges, at the corner of the city limits, just beyond the city limits. The site is an admirable one. Bids for the structure, which will cost over \$25,000, are now being let. The contract will be let next week, the work upon the building to begin immediately thereafter.

One of the Southern states recently published a rumor to the effect that Dr. Hedges, the well known eye, ear and throat specialist, had departed for Japan. This statement was unauthorized.
